

Hello Brothers and Sisters! I hope that your spring has gone well so far! It's hard to believe that April is already here, and with it comes the Tri-Cities School of Preaching and Christian Development's Annual Lectureship. This year, the theme is: The Most Subtle Lies About (Insert Topic). We have a great lineup of speakers, many familiar names, a good portion of alumni, and almost the entire student body. We also have a great lineup for the ladies' class, which includes some alumni and the wives of several students, including Sierra. This year at the lectureship we will also dedicate the third-year room to the late Wesley Simmons, who passed back in August. We hope that you can join us in person, online, or in the future by watching the video after the lectureship. The video will be available on YouTube at the Tri-Cities School of Preaching and Christian Development's channel.

Spring has been going well for us. Savannah has been battling RSV for the past week; she did fairly well with it all things considered. She is learning words fairly well, knows around 30 at the moment, including sign language, and is learning more every day. Her favorite activity currently is playing outside, specifically being pushed in her little car. She also loves to read books. Her favorite food is unknown; she often goes through hunger strikes. We think she is teething her last teeth.

Sierra is doing well, she enjoys being home with Savannah, and she still works as one of the church secretaries on the days I am not at school. She is excited to garden this year, she has planted wildflowers for pollinators. I am doing well in my studies. Epistemology (The Study of Knowledge) has been the hardest class this quarter, but I enjoyed the material thoroughly. It is just more Philosophical in nature, which is very, very new to me. Next Quarter will begin April 20th, the distance learning class will be "God and Government" taught by Mike Blevins. You can register online at the school's website.

We have 9 Months left until we are done. We could not have done this without you. We appreciate the opportunity you have given us to attend this school for three years. As we approach the end of the program, we will begin searching for work more often. If you have any recommendations, please do not hesitate to reach out. It's interesting, a year ago, we didn't really consider leaving Tennessee, but now we are excited to go anywhere to spread the gospel, edify the body, and help everyone along the way. Your example of good works in dealing with us stirs us up even more. As I tell new students when they start, there are three things that will keep you going in school. Personal Christian Development, Preaching the Gospel, and the Prayers of your Supporters. Thank you for the hard work and the sacrifices you make.

In Christian Love,

Nathan, Sierra, and Savannah Tate
